

USM18A - 6/12V,40/45A AUTO WHL CHARGER

Item: USM18A

Description: 6/12V,40/45A AUTO WHL CHARGER

**Notes:** timer was upgraded from 90 minute to 120 minute. Use GM611254 for first time replacement of the timer. This will include timer, 120 minute decal, and wiring needed to complete change over. If customer already has unit with the retrofit done or factory with the 120 minute timer, sell GM611245 which is just the timer itself
